

# Discussion Lesson: Subtitle

Original Author: Nathan Butcher

**Topic and objective:** State the topic in class this is supposed to supplement and learning outcomes here.

**Preparation:** Try to list the full preparation needed to run this activity or teach the lesson.

**Duration:** Estimate how long this will take to do in class.

## **Activity:**

1. Start here by posing a question to the class or motivating a problem.
2. Student responses, free time to work, etc.
3. Lay out steps until complete

**Summary:** Reiterate the “punch line”, make sure to tie example or demo back to class material.

Figures should go at the end and be referenced in text. Also provide separate figure files for use in slides.
