

Discussion Lesson: Subtitle

Original Author: Nathan Butcher

Purpose of activity:

Topic and objective: State the topic in class this is supposed to supplement and learning outcomes here.

Preparation: Try to list the full preparation needed to run this activity or teach the lesson.

Duration: Estimate how long this will take to do in class.

Considerations and suggestions:

Activity:

1. Start here by posing a question to the class or motivating a problem.
2. Student responses, free time to work, etc.
3. Lay out steps until complete

Reflection: Questions or ideas for the students to think over or discuss that should help them focus on the key points.

Figures should be provided as a separate file in the same directory and be referenced in text.
